Over 30 years experience in awnings and blinds

# Awnings Commercial

### Sun and Wind Monitor

The sun and wind monitor reacts automatically to the weather. When the weather conditions dictate, it can roll the awning in and out.

### Remote Control

Ensure you and your staff have control by adjusting the amount of shade or light from the hand held remote control.

Enjoy your terrace at almost any time of the year. We can provide a wide range of products that allow you to make full use of your free outdoor space.

Maintain cooler interior areas.

Professional image with increased kerb appeal gives you the edge over the competition

Signwriting, re-cover service and on-going service support available.

### Extend your day

Imagine warm evenings creating a cosy atmosphere outdoors. We can provide integrated heating and lighting systems to enable you to get the most out of your outdoor space.

### Side Screen provides Privacy & Protection

Our products can provide privacy when you need it and also act as a wind barrier, adding to the comfort and enjoyment of your customers.
