Over 30 years experience in awnings and blinds

Sun and Wind Monitor

The sun and wind monitor reacts automatically to the weather. When the weather conditions dictate, it can roll the awning in and out.

Remote Control

Ensure that life on your balcony or patio is made even more enjoyable by allowing you to adjust the amount of shade or light from the hand held remote control

Enjoy your terrace at almost any time of the year. We can provide a wide range of products that allow you to make full use of your outdoor living space.

Integrated Lighting systems
