# Flexibility of application is key

No matter the size of your outdoor space, be it large or small, you could be missing out on thousands in lost revenue by not making it a comfortable place for your customers to relax.

The first impression is decisive. If it's attractive and inviting, the occasional visitor will become a regular guest.

# Accessories

markilux infrared heater

Feel the warmth in an instant and enjoy more of the evening outside.

markilux lighting

LED lighting creates a striking atmosphere in the evenings.

flexible panorama window

The panorama window for vertical blinds keeps in the warmth, protects against wind and wet weather and provides an unobstructed view.

intelligent controls

For more comfort: sun and wind sensor, hand-held remote control or via app for your smartphone or tablet.

markilux shadeplus

The additional vertical blind inside the front profile. Protects against low-lying sun and inquisitive glances. Excludes the sun during the day and keeps in the warmth for longer in the evening.

markilux awning covers

With the purchase of a markilux awning cover you will have chosen a high-class, quality product „Made in Germany“. It has a decisive impact on the colour ambience under an awning.

For even greater enjoyment of the colour ambience provided by the shade of an awning, markilux offers an extensive collection of more than 250 fabrics made from the innovative high-tech polyester yarns sunvas and sunsilk.

Allow yourself to be inspired by our exclusive markilux collection.

## markilux textile printing

You can amplify your business marketing further with a customised markilux shading system printed with your brand. Our bespoke manufacturing process ensures that your markilux is built to your required specification and printed with your choice of branding, making it possible for you to give your brand even more exposure. Simply choose your desired frame, fabric and a design that you wish to have printed on it, and we will take care of the rest.
