# why CHOOSE

## URBAN SHUTTERS

### **CUSTOM MADE**

Your shutters will be custom made in the UK to your exact specifications. They are designed to give an elegant appearance with the ultra strong polysilk vinyl creating a sturdy and long lasting window dressing that will not chip, crack or peel. Our high-tech, computerised manufacturing facilities ensure that all the louvres are equidistantly spaced to achieve the perfect aesthetic balance.

### **STAY LOOKING GOOD**

The durability of Urban Shutters makes them ideal for today's busy lifestyles. They will never require painting or staining as the colour is embedded into the shutter itself. Everyday scratches and dents do not affect the finish or colour - minor scratches can simply be sanded out. Individual louvres can even be replaced – just snap out the old louvre and clip in a new one.

### **OUTSTANDING STRENGTH**

The operating system uses unique Louvrelink connectors that are hard wearing and allow the louvres to close together in both directions giving you enhanced privacy. Using Louvrelink connectors means we don't need to use staples.

### **WATER-RESISTANT**

Urban Shutters resist the damaging effects of moisture due to their polysilk vinyl making them the perfect choice for wet or humid environments such as kitchens and bathrooms.

### **COORDINATE WITH YOUR INTERIOR STYLE**

### **INSULATION FOR YOUR HOME**

Urban Shutters help reduce outside noise and keep heating and air conditioning costs down with their excellent insulating properties due to the robust cell structure of the frames and louvres.
